Information Technology Committee

CIECA Update – April 2004

- Progress on 2004 Strategic Plan
- Other CIECA Industry Collaboration
- NACE Track

Information Technology Committee

CIECA Update – April 2004

- 1- Vehicle Damage & Imaging
- 2- Certification
- 3- Industry Resource Center
- 4- Rental Assignment & Response
- 5- Salvage Assignment & Notification
- 6- PDR (Paintless Dent Repair) Reporting Standards
- 7- Automated Procurement
- 8- CSI Request & Assignment
- 9- Glass Assignment & Response
- 10- 1, 3, 5 Year Strategic Plan

Information Technology Committee

CIECA Update – April 2004

- Priority 1 – Vehicle Damage & Imaging
 - ◆ Replaces EMS (Vehicle Damage Portion)
 - ◆ One standard for small and large scale systems
 - ◆ Technical Work is complete for Damage portion
 - ◆ Technical Work is in process for Imaging portion
 - ◆ Imaging completion in 4th Quarter 2004

Information Technology Committee

CIECA Update – April 2004

■ Priority 2 – Certification

- ◆ Certify and Validate that the implementation of the software application's interchange documents is in compliance with CIECA standards and implementation guidelines, i.e., meets the standards.
- ◆ Certification for XML messages
- ◆ Completion in 4th Quarter 2004
- ◆ Certification to begin in 2005.

Information Technology Committee

CIECA Update – April 2004

■ Priority 3 – Industry Resource Center

- ◆ Develop a web-based facility that will serve as a portal to Collision Repair Information.
- ◆ Develop a searchable knowledge-base with Subject Matter Coordinators monitoring.
- ◆ 1st Quarter Results
 - ◆ Linked on the CIC Home Page
 - ◆ OEM Tech Bulletins and Info
 - ◆ 105 web site links already in place
 - ◆ Facility for you to request a site to be added

Information Technology Committee CIECA Update – April 2004

- Priority 3 – Industry Resource Center
 - ◆ Ongoing completions throughout 2004
 - ◆ Initial Project Completion in 4th Quarter 2004

Information Technology Committee

CIECA Update – April 2004

- Priority 6: PDR (Paintless Dent Repair) Reporting Standards
 - ◆ Enhance Vehicle Damage message to ensure PDR data is reported consistently.
 - ◆ Completion in 4th Quarter 2004

Information Technology Committee

CIECA Update – April 2004

■ Priority 7 – Automated Procurement

- ◆ Multi-year Project
- ◆ Scope includes Part and Materials; OE, Aftermarket, and Recycled
- ◆ As large an impact on the industry as the EMS standard
- ◆ Initiated by Repairers and Chaired by Repairers
 - ◆ First CIECA project to be completely run by Repairers
- ◆ Goal is to implement one phase in 2004

Information Technology Committee

CIECA Update – April 2004

- Progress on 2004 Strategic Plan
- Other CIECA Industry Collaboration
 - ◆ Summit with ACORD and X12
 - ◆ Ongoing collaboration
- NACE Track

Information Technology Committee

CIECA Update – April 2004

- Progress on 2004 Strategic Plan
- Other Industry Collaboration
- NACE Track
 - ◆ In discussion for 3 topics within the educational tracks at NACE.
 - ◆ Educational credits for attendance is being researched.
