

# Data Sharing Sub-Committee

April 8-9, 2015

Atlanta

# Data Sharing Subcommittee

- Part of the Governmental Committee
- Initial Members & Participants
  - ◆ Fred Iantorno – CIECA
  - ◆ Frank Terlep – Summit
  - ◆ Jack Rozint – RepairCar.com
  - ◆ Stephen Regan
  - ◆ Janet Chaney

# Committee Purpose

- Expose Area of Opportunity
  - ◆ BMS as vehicle for improved data exchange
  - ◆ Data Access > Entrepreneurs > Innovation
- Eliminate Waste & Inefficiency
- Seek Benefits for All Industry Participants
  - ◆ Address privacy concerns
  - ◆ Ultimately provide better consumer service

# Areas of Focus

1. Tools to Enable Data Sharing (BMS)
2. Business Issues
  - a. Contracts
  - b. Governmental & Regulatory
  - c. Privacy Concerns
3. Financial ROI – Value Proposition

# First Issue

- Barriers to Full BMS Implementation For Estimate & Repair Order Data
  - ◆ BMS is in wide use
  - ◆ BMS is not available to small/mid-sized users of estimating applications in a way that they have control over the sharing of the data
  - ◆ Can this/should this change?

# Next Steps

- Recruit Additional Participants
  - ◆ Insurers
  - ◆ Repairers
  - ◆ Information & Applications Providers of all sizes
- Collect and document information and positions on this subject from all sides
- Report back
