TRAINING PROVIDER INFORMATION PROJECT ATTENTION TRAINER PROVIDERS

AMi has begun an industry-wide initiative to collect training provider information. Once collected, AMi will maintain the information in a **free, searchable** database to the industry. AMi encourages all training providers, consultants, organizations, aftermarket businesses or anyone involved in meeting the training needs of the automotive service and collision repair industries to participate in this initiative.

ATTENTION TRAINER PROVIDERS

Industry Training Providers,

As part of your interest in the Automotive Management Institute (AMi) Training Provider Information Project, as a first step, AMi is in a central position to collect information from industry training providers or to the industry, at no charge, access to a searchable database that managers easily access to training sources.

As a training provider we believe it is important for you to be included in a database as one of the industry's premier sources for training and education. The next generation of AMi is dedicated to the on-going collection of information and maintaining of the database. We ask that you please let us know again as you have additions or updates to your training programs. If you have any questions about this project or the new AMi, we feel free to email me directly.

Training Provider Information Project

Technical

- Estimating/Planning
- NS Steel/Aluminum
- Structural Steel/Aluminum
- Plastic/non-metal Materials
- Mechanical/Electrical/
Diagnostic
- Steering & Suspension
- Refinish
- Detail/Customer Delivery
- Other

Management

- Estimating/Info Provider
- Sales & Marketing
- Operational Mgmt.
- Financial Mgmt.

Chief University

*Ken Boylan
Global Training Manager
Chief Automotive Technologies*

Welcome to Chief University

Chief's goal is to be the leader in the worldwide collision repair industry training by satisfying the needs of our students and industry with quality products and services at a fair price.

Hands-On Skills Development

- Newest way to train with I-CAR
 - ✓ Hands-On Skills Development (launched 1/4/16)
 - ✓ Live Classroom
 - ✓ Online Training
 - ✓ Virtual Classroom
 - ✓ Welding Training & Certification
 - ✓ Equivalency Testing
- Training Format
 - In-shop training using shop equipment & tools
 - Includes pre-course capability & readiness assessment
 - Focus is hands-on practice with one-on-one coaching from I-CAR instructor

Hands-On Skills Development

	MIG Brazing Hands-On Skills Development (BRZ02)	Rivet Bonding Hands-On Skills Development (RVT01)
Benefit	To prepare technicians for the growing number of HSS/UHSS vehicles requiring MIG brazing for repairs.	For the innovative materials in today's vehicles, learn how to install various types of rivets as well as proper planning and organized approach to ensure the rivets are installed before the adhesive sets.
Video	https://youtu.be/jBDipQpOeR8	https://youtu.be/IG3iOpnyCsl
Duration	4 hours	4 hours
Credit	6 Credit Hours	6 Credit Hours
Prior Training	Highly recommended: "MIG Brazing" (BRZ01e)	Recommended: Adhesive Bonding (ADH01), Aluminum Intensive Vehicle Repairs (ALI01), Welded & Adhesively Bonded Panel Replacement (EXT02)
PDP	Meets annual training and new technology training requirements for Steel & Non-Structural Technicians	Meets annual training and new technology requirements for Aluminum, Steel, and Non-Structural Technicians
